

Minutes Exeter Vision Meeting 7-22-09

Attendance: Members attending:

Mike Cerullo, Frank Diregorio, Helen Buchanan, Marnie Lacoture, Tom McMillan, Rit Schartner, Scott Millar

Agenda Items:

- 1. Discussion of the Discovery Method:** The group discussed the public outreach method that was presented by Arian Mc Bride at the June meeting and agreed it was a good technique to use for the Exeter Vision project.

- 2. PowerPoint:** The PowerPoint presentation that was given to the town council on 5-21-09 was reviewed by the group. It was agreed the presentation should be edited to make it briefer and more focused. It should also include some slides to show an illustrative example of what a village may look like in Exeter. Mike agreed to edit and show to the group at next meeting. The key message should be that village style development is needed to achieve the values in the Exeter vision statement. It was agreed it's important to get feedback on what key stakeholders think about the proposed vision, and ask if they have questions/concerns that can be incorporated into phase 2 of the project.

- 3. Minutes:** The June minutes were not reviewed

- 4. Next Meeting:** The next meeting will be August 26 at 7. The revised PowerPoint will be reviewed and approved. Groups to meet with to discuss the vision will be established.
